JOB IS ELECTED BY THREE VOTES

AFTER ABSENTEE BALLOTS ARE COUNTED.

16 DECLARED ILLEGAL

Ernest Wray, Defeated Candidate, Today Says "I Haven't Laid Down Yet."

After the smoke of the legal fray cleared away in the question of valid absentee ballots, William Job, Democratic candidate was declared elected representative from Nodaway County by a majority of 3 votes.

The official county count including the absentee ballots gave Job 5031 and Wray 5028. There were 46 absentee ballots received, but 16 of them were declared illegal because they have not the complete name of the election judges on the back of them. The official count in the county without the absentee ballots gave Job a meager majority of 1 vote.

Ernest Wray, the apparently defeated candidate, when asked this morning if he would contest the result or demand a recount, said, "I haven't laid down yet."

CORNELL GROCERY IS ROBBED OF GOODS LAST NIGHT

About $40 Worth of Candy and Tobacco Taken—4th Robbery for This Store.

Sometime after 8:20 o'clock last night, the grocery store belonging to Joseph Cornell, located on East First street was broken into and cigars, cigarettes, tobacco and candy valued at around $40 were taken.

Entrance to the building was secured by breaking the glass in the the front door of the store and prying open the lock. Mr. Cornell was working as late as 8:30 o'clock last night. When he opened the store this morning at 6 o'clock he discovered the loss.

Mr. Cornell said this morning that he believed the burglary was the work of local talent. As soon as he discovered the fact that the had been robbed he notified Mayor F. P. Robinson and the city authorities are now on the trace of all of the few clews which the case presents.

This is the fourth time that the Cornell Grocery has been robbed. Each time the persons who entered the store have taken cigarettes, cigars and candy.

Shortly before 10 o'clock this morning Mr. Cornell discovered that other articles had been taken but he has not been able to get an entire check on the stolen goods.

It is believed by some that the robbery was the work of Maryville thieves and that there is a gang in the city which is responsible for a lot of the devilment which has been going on.

Thompson's Bakery also report that visitors had been in their bakeshop last night, but nothing has been found missing. A woman living next door to the bakeshop said that she saw parties in the yard late last night.

REV. S. P. ALLISON WILL GIVE ARMISTICE SERMON

"The Rapture of a Great Cause," is the Subject Announced for Tomorrow Morning

"The Rapture of a Great Cause" is the subject of the sermon for Sunday at 11 o'clock at the Presbyterian Church, as announced by the pastor, Rev. S. P. Allison.

This is to be an Armistice Day sermon, and the entire service is to be planned in keeping with Armistice Day. "Armistice Day with all it stands for, is rich in lessons for us as we face the many great causes of life," says Mr. Allison, "and with it as a background we can learn much as to the spirit we should have toward the great causes, especially the great of all, that of Christ."

"There is No Death" will be the solo to be given at the morning service by Luther A. Richman, director of music at the Presbyterian Church. This song was written by Gordon Johnstone, one of the war time poets.

"Salvation is Fellowship" is the subject for the service at 7:30 o'clock Sunday evening. This is the third sermon in the series which is presenting a four-fold answer to the question "What is Salvation?"

METHANE GAS WAS CAUSE OF PENN. MINE DISASTER

Chief of Mine Bureau Says That Explosion Was Slight, But Gas Deadly

Spangler, Pa., Nov. 11—Methane—commonly called marsh gas—was responsible for the explosion in the Reilly mine Monday which claimed a toll of more than three score of lives. This conclusion was reached by Seward Button, chief of the state bureau of mines who completed the first phase of an investigation to fix responsibility for the disaster. Mr. Button declined to discuss the question of personal responsibility until he had made a more thorough investigation.

"Methane is generated by vegetable matter in the coal," he said. The actual explosion was comparatively slight. Most of the lives were claimed by the after-damp."

Considerable water has seeped into the workings and it may not be possible to complete the investigation until the first of next week.

Forty victims were buried Thursday.

M. H. S. HELD LEAD TILL END OF GAME

'TWAS A BITTER BATTLE TILL FINAL WHISTLE

FINAL SCORE 13 TO 6

First Trenton Loss in 3 Years—Over 1000 People Attended and Proceeds Are $400

The Maryville High School football team defeated the strong Trenton High team yesterday afternoon in the most bitter contest of the season. It was a game that both teams would have almost died to win. It was played hard. Players forgot themselves as individuals and played as parts of a machine. It was a bitter battle and the final score of 13 to 6 was indicative of the game itself. The second half was scoreless. Maryville was fighting for all she was worth to hold her meagre seven point lead an the Trenton team seemed possessed with all the demons of the earth in its fight to overcome that Maryville lead. It was real football. Every tackle on both teams was vicious and hard but despite the fast that it was smashing football, it was a clean game. Every member of both teams was a true sportsman and although Maryville won the long end of the score, Trenton also won in that she lost a fair sportsmanlike manner and fought until the final whistle.

An estimate of the crowd that attended the game was fixed at about 1000 people. The gate proceeds showed a profit of over $400 to the Maryville Atheltic fund. The profit of the game will go to the paying for the football suits purchased at the first of the season.

The game was insured for $400 should it have rained 1-10 of an inch between 11:00 and 3:00 o'clock yesterday.

The members of the Trenton football team who played the Maryville High School team yesterday are remaining in Maryville today to watch the College game against Warrensburg. The team will be guests of the College during their stay.

The victory yesterday will necessitate a game between Maryville and Stanberry. This game will be for the championship and will probably be player at St. Joseph next Friday. The winner will be champion of Northwest Missouri.

It has been suggested that after Maryville wins the championship, if she does, that a post-season game be scheduled between Maryville High School, Champions of Northwest Missouri and Hannibal High School, champions of Northeast Missouri. This game would doubtless be a real thriller and would boost the local high school, the city of Maryville, and Nodaway County.

The play by play of the last three quarters of yesterday's game follows. The first quarter of play was printed in yesterday's Democrat-Fordm.

Second Quarter.

Davis gained five through guard. Eads failed to gain. Eads gained seven and first down. Davis gained five off guard. Davis penalized 15 for holding. Second and 25 to go. Carstens threw Erwin for yard loss on fake play. Hamilton gained yard. Eads attempted place kick and Willoughby ran it back 20 yards. Epper-

4 YEARS IN REFORM SCHOOL FOR ALLEN

FOR HIS PART IN KANSAS CITY ROBBERY.

JOE RIGNEY PAROLED

For Six Months Because He Was First Offender and Joined "Gang" Late.

Harold Allen, of Maryville, and Phillip Schlein, both 17 years old, youthful robbers of Kansas City were late yesterday afternoon sentenced to four years in the state reformatory at Boonville, for their part of recent Kansas City robberies. Joe Rigney, 15, formerly of Maryville was put on parole for six months, because he was a first offender and had not joined the "gang" until the morning of its arrest.

The following is from last night's Kansas City Star:

Philip Schlein, 17 years old, who confessed to robberies and hold-ups, today received for the third time a 4-year sentence to the state reformatory at Boonville. Previously sentenced December 26, 1919, and April 8, 1921, Schlein twice has been paroled.

"I'm going to try and keep you here this time until you are 21 years old," Judge E. E. Porterfield of the juvenile court said. "There will not be any more paroles if I can help it."

The severity of the judge marked the end of long and patient efforts on the part of the juvenile court authorities to "reform" Philip. Schlein was arrested Tuesday at Admiral boulevard and Oak street with Harold Allen, 17, Joe Rigney, 15, and George Harmon, 18. All possessed jewelry and watches which they confessed had been stolen. Harmon received a penitentiary sentence of five years yesterday in Judge Latshaw's court, Allen, with Schlein, today was sentenced to Boonville for four years. Joe Rigney, who was a first offender and whom the other boys said did not join the "gang" until the morning of the arrest, was put on parole for six months.

No juvenile case record shows a more determined criminal record than Schlein's. The usual record card was filled with his charges more than a year ago and a second card is half filled. The record shows ten appearances in court on charges ranging from delinquency to highway robbery.

The parents of neither Schlein nor Allen were in court.

Kansas City, Kan., Nov. 11.—Three automobile bandits secured $2,000 from officials of the Central State Bank here today in a holdup staged on one of the prineipal streets. They drove along side the automobile in which the bank officers were riding with the money and held them up. Firing three shots through the windshield, they halted the bankers' car and seized the money satchel.

The bandits escaped. The money was intended to meet a payroll.

Robert W. Graham of Conception was a business visitor here yesterday.

CRISIS IN NEAR EAST SITUATION SAYS BRITON

General Harrington, British Commander in Turkey, Has Asked Government for More Troops.

London, Nov. 11.—That the Near East situation has reached a crisis was indicated today when General Sir Charles Harrington, British commander in Turkey, asked his government for reinforcements of troops.

Premier Andrew Bonar Law held a conference on the Near East situation with Lord Derby, secretary of state for war, and Admiral Earl Beatty, chief sea lord of the admiralty and commander of the fleet.

It is probable that British troops will be sent to Constantinople from Mesopotamia and Egypt to save time and expense. The British are reported to have sent airplanes to the straits from Mesopotamia, where the British government maintains the biggest air training station in the world.

Great activity was noted at Malta, the British naval base in the Mediterranean.

Rome, Nov. 11.—The Italian cruiser Premuda today was ordered to sail immediately for Turkish waters with machine guns and 250 machine gunners.

TWO AMENDMENTS CARRY IN COUNTY

FOR NO. 2 ROAD MAINTENANCE AND FOR NO. 3

COUNTY UNIT IN DOUBT

State Returns Look Favorable For Passage of No. 3, No. 11 But Not No. 12

Jefferson City, Nov. 11.—With approximately 165 precincts in the state not heard from, Superintendent of School, Sam A. Baker was leading his Democratic opponent, Lee, for re-election by more than 800 votes. The vote now is standing, Baker 459,025 and Lee 458,175.

In the face of returns late this afternoon it looked as though amendment No. 12 for the county unit will be defeated.

The official county vote on the amendments were completed today. They show that only two of the amendments were carried in the county, those being No. 2, for striking the word, "female," from the constitutional voting requirement and No. 3 for the maintenance of the roads.

The county unit bill lost in the county by a majority of 3667. However, late returns from the state point to a victory for it over the state. No. 3 and No. 11, workmen's compensation, are the only other ones that have apparently carried in the state, on the face of present terms.

The following is the official county vote:

Amendment 1. Proposed Constitutional amendment increasing the compensation of members of the General Assembly from $5 per day for seventy days to $10 per day for one hundred days: yes 1935, No 5703.

Two: Proposed Constitution amendment striking from the qualifications for voting in this state the requirement that a voter must be a "male" citizens of the United States: yes 4012, no 3708.

ARMISTICE DAY BEING OBSERVED

ALL U. S. STOPS FROM ITS COMMON PURSUITS

HARDING PAYS HOMAGE

In Simple, But Impressive Ceremony, President Places Wreath on Tomb, Of "Unknown Soldier"

Washington, Nov. 11—From the Atlantic to the Pacific, America turns aside today from common pursuits to remember the soldier dead of the World War on the fourth anniversary of Armistice Day.

Led by the President of the United States in spirit at least, tens of thousands of citizens will pay honor and salute at the graves of the men who gave their lives for civilization on the poppied fields of France.

The ceremony in Arlington Cemetery today simply symbolizes the homage of the Nation to its honored dead. President Harding, setting a precedent for all time to come, crossed the Potomac this morning to place a wreath on the tomb of the "unknown soldier," who was brought back from France to begin his last long sleep on American soil a year ago.

Leaving the White House about 10 o'clock with a cavalry escort and accompanied by the Secretary of War and the Secretary of the Navy, at the unknown soldier's tomb the President and the two secretaries will advance alone. The wreath symbolizing the Nation's tribute will be placed on the shrine by the President's own hand.

Washington, D. C., Nov. 11—Scores of people were gathered at the tomb of the "Unknown Soldier," when President Harding arrived in an auto accompanied by Secretary of War, John W. Weeks, and Secretary of the Navy, Edwin Denby.

After placing the weath upon the tomb, the President stood bareheaded in reverence for a few moments then returned to his auto, and the simple, but impressive ceremony was concluded.

Kansas City, Mo., Nov. 11—Armistice Day was observed here with a monster parade in which 5,000 veterans of the World War marched. American Legion posts marched as units with the disabled veterans in another contingent. Visiting war veterans marched in a division of their own.

$9,000 FIRE OF WM. GEX BARN AT 4 P. M. YESTERDAY

No One at Home and Fire Discovered By Neighbor—Partially Covered By Insurance

At 4 o'clock yesterday afternoon a fire was discovered in the large tile barn on the farm of William Gex, thirteen miles southwest of Maryville. There was no one at home on the Gex place and the fire was discovered by a neighbor who saw smoke pouring out of the roof of the barn. The fire could not be checked by a bucket brigade and the loss is estimated at more $9,000. This is partially covered by insurance however, but not enough to pay half of the loss.

The barn which was destroyed was a tile structure with a large silo in the center. It was erected several years ago and was considered one of the finest barns in the county. The men in the bucket brigade succeeded in saving several outbuildings nearby.

The barn contained a winter's supply of wood, a crop of alfalfa hay, hay, oats, wheat and 200 bushels of cribbed corn. A tractor, a new wagon, and some farm implements were also in the barn. These were also destroyed. The live stock and some harness were all that was saved.

Mr. Gex was in Maryville when the fire occurred and his children were at school.

Train Hits Auto.

St. Louis, Nov. 11.—Two women and one girl were killed and two others were injured today when a Frisco passenger train struck the auto in which they were riding at Eureka, near here. The party was en route to Eureka to attend an Armistice Day celebration.

LARGEST CIRCULATION IN NODAWAY COUNTY

ARMISTICE DAY, 1922

Four years have gone by since the last trigger was pulled, the last hand grenade was thrown and the last cannon was fired in the World war. They have been an eventful four years, not without bolodshed and by no means without great human suffering. The four years have failed to erase to any degree the effects of the war on civilization. That is a matter for decades and centuries.

The peace has been hardly less expensive to the victors than to the vanquished. It was impossible that any nation which participated in a war like the last one could have emerged from it better off than it was when it entered. That is true of all wars, but it has proved especially so of the last.

Thre is still an abnormal amount of want, hunger and misery in the world. statesmen grope about in a wilderness, rarely able to find their way. Men are dying daily on battlefields. Women in tatters seek bread for hungry children. The revolutionist throws his bomb. Cabinets fall in the face of discontent. It is all the heritage of the war which, the last four years have revealed more emphatically than ever, was the greatest calamity that could have befallen mankind.

But all this does not mean the purposes for which men died in Europe have been lost or forgotten. The war was fought to make sacred the principle that no man, through a misconception of his personal right, could inflict on his country and the world the price of four years of slaughter. A terrible price was paid in the preservation of that principle, just as terrible prices have been paid in the preservation of principles in ages past. But it remains today inviolate. The particular misguided man grows senile on an exile estate, while all the world holds him in contempt.

Last year Armistice day was celebrated by the burial of the Unknown Soldier and the opening of the arms conference in Washington. That conference showed conclusively that the path to better international understanding, while strewn with obstacles is not impassable. But men are still feeling the intoxicating effects of war psychology. Sometime, perhaps not many years in the future, they will cast off the spell entirely. Then foreign offices will follow the same scruples of integrity which are cherished by the individual. A more stable world peace will be the certain result.—Kansas City Journal.

THE THREAT OF WAR

Mankind shrinks in horor as it contemplates the thought of what would happen if another great war should break loose. It is well known that scientists have developed the use of poisonous gases far beyond the point that had been reached when the fighting stopped in France. One can only guess with horror what will happen in this form of conflict if another struggle should break out. It is commonly said that whole ctites could be destroyed.

The world must somehow tame this lust of battle. With another war like the last one, life would become just about unendurable, and modern civilization would be a complete faiure.

The principal cause of war is that most people can not look at international controversies in an impartial light. If there is trouble between Great Britain and France, nearly all the British say that the Britain is right, while nearly all the French say France is right. So long as this spirit exists everywhere, there will be wars. And there is a lot of it in this country. Universal peace will come when people learn to look at such quarrels in a judicial and detached light.

THE WORLD COURT

There will be general satisfaction that the United States government is moving to take a part in indorsing the permanent court of international justice to be maintained at the Hague.

One of the best things to lay by for a rainy day is a good umbrella.

Alfred E. Smith of New York runs like presidential timber and so does Governor Ralston of Indiana.

One of the most encouraging results of this week's election is the overturning of the Thompson machine in Chicago. It is another proof that the people can smash the best machine that can be made when they get aroused to the task.

One of the noticeable features of Tuesday's election was the quietness and good behavior that prevailed throughout the day. Not only in Missouri was there an absence of old time drunkenness and ill temper but disturbances were few even in the large cities. This was doubtless a courtesy and matter of chivalry toward the women voters.

In addition to the diversification of the utility features, Missouri has more beautiful scenery, more life giving springs, and more meritorious health resorts than any other inland state. For picturesque scenery in the Ozarks and along the banks of the Mississippi river, Missouri rivals in splendor the most picturesque points in the entire country. Missouri is a state of scenic beauty.—Hannibal Courier-Post.

The most serious difficulties that cause war are not of the kind that a court could settle. Still many questions that cause friction could go to this court and be adjusted. As time goes on, nations will see more and more that it is better to settle quarrels peaceably than to fight. If this court gives satisfaction in minor matters the time may come when nations will realize that is it good judgment to refer their more serious disputes to such a tribunal.

HARMONY.

Mr. and Mrs. John Green and two children, Mr. and Mrs. Will Lewis and two children were dinner guests at the home of Mr. and Mrs. Robert Adams.

Mrs. Lucy Moffit spent the week end with her sister, Mrs. Edith Hedrick.

The Harmony basketball team will go to Conception to play the Conception team Friday evening.

Mrs. W. M. Anderson of Grant City, who has been visiting at the home of her daughter, Mrs. Lee Wynn the past week, returned home Thursday.

Now that the election is over, we will all get busy at husking corn out and all be friends once more.

Every shadow in this
Life is plain evidence
That the old sun is
Shining some place.

There is a lot of difference between friends and just plain acquaintances.

A Sunday school teacher told his class the story of Sampson a few Sunday ago. "Now Willie" he said what lesson does Sampson teach us?" "To keep away from lady barbers" answered the bright pupil.

It is wise to never let the fellow who knows it all "put you wise."

A rich young woman may think she has found the man after her heart but he usually is only after her money.

We looked in on a dance the other evening and must say that the eccentric dargers are not on the stage.

It is well to never judge people by their clothes. That poorly dressed man you passed may be a millionaire.

Uncle Abner says many a man has been undone trying to do others.

Don't worry if you have a poor start in life. It will give you more to boast of when you arrive.

The annual battle between the Fresh Air Friend and the Hot House Plant is on in many Maryville offices. We venture to say that many a wordy battle is staged between Mr. F. A. F. and Mr. H. H. P. as to whether or not the windows will be open or shut.

Louise, the stenographer, says many a man's aim in life seems not to have any.

We venture to say that not many men can pass a pretty woman without being envious of her husband.

The other morning we heard our milkman whistling "Those Early Morning Blues" as he made his rounds down our street.

Vagrant Musings.

The best way to get along with some people is to get along without them.

The sun shines on all of us alike but some seem to get a bigger slant.

LABELLE SCHOOL HAD A FINE MEETING LAST NIGHT

An Interesting Program With Nodaway County Films—A Meeting Every Two Weeks.

Every two weeks a community meeting is held at LaBelle school. The program is put on one time by the school children and the other by patrons of the school through the farm club organization, which is 100 per cent in that district.

The program last night was put on by the school children and was followed by the Chamber of Commeree film, Agriculture in Nodaway County and after the program the ladies of the district furnished lunch consisting of sandwiches and pickles and pie.

Students' Program.

Song, "Why We'll Win."

Reading, "My Daddy" — LaVern Butt.

Vocal duet, "A Sailor"—Mrs. Ed Spoonemore and Marjorie Blanton.

Reading, "My Dog"—Chalmer C. Loomis.

Dialogue, "Teasing Aunt Chlo"—Dortha O'Bannon, Ermal O'Bannon, Augusta Lager, Beatrice Lager, Geneeve Eckholt, Gertrude Lager.

LaBelle school was the first to become a superior school in Nodaway County, and it is understood arrangements have been made to have nine months of school this year. The Farm Club at one of their meetings early this school term decided to purchase a piano to replace an old organ they had in school, and did so, raising $110 above what they received as credit on the organ. Among the improvements made at LaBelle school this year is the addition of another bookcase paid for from receipts of a box supper. The teacher and children planted a row o trees on the north and west sides o the school yard. New shades and cur tains have been added and the schoo room painted and a cement platform made for the well. Numerous book have been added to the already larg library and everything reflects th fact it is up-to-date in all ways.

COLLEGE LIVESTOCK JUDGING TERM FOR K. C. SHOW

Mr. Stanfield is training a live stock judging team for the American Royal Stock Show at Kansas City, November 15 to 18.

Twice every week the team and their teacher, visit farms in this section where there are cattle of the beef type. They have not always found them tame as kittens so sometimes they were forced to follow a herd all over the pasture and back again in order to pick out the good and the bad qualities of the different animals.

Mr. Stanfield is exercising every effort to make real stock judges out of this class.—Green and White Courier.

Membership for every one of the family is the hope of the "Mother" of us all—the AMERICAN RED CROSS.

The ex-service men of this city have gladly assumed the task of covering the whole city next Wednesday, Nov. 15. These men are busy men, but are glad of this opportunity to show their appreciation of the Red Cross.

All they ask is, that every family have their Membership money, or checks ready for them when they call at your home. Now talk this over TODAY and do not make it necessary for these "Buddies" to call on you but once.

"EVERY MARYVILLE CITIZEN A MEMBER" is our Slogan.
